2008

**"The Future Belongs to Those Who Believe
in the Beauty of their Dreams."~~Eleanor Roosevelt**

As the Class of 2008, you leave East Windsor High School with dreams of what your future will entail and well prepared to pursue those dreams. As a class of individuals, you will need to assess your own gifts and talents to realize those dreams and your aspirations for the future. You will need to make hard decisions about the many choices you will be confronted with as you uncover your own path. You need to define for yourselves what success is, while at the same time, make a commitment to focus on whatever duty falls ahead of you. Langston Hughes put it simply when he made the statement, "Hold fast to dreams for if dreams die, life is a broken winged bird that cannot fly. Hold fast to dreams, for if dreams go, life is a barren field, frozen with snow."

Reflecting on my own high school years, I realize I allowed random chance to guide me and my career path. I was one of the lucky ones that was able to land on my feet. Your destiny need not be left to random chance; you actually have the capacity of choice which makes your destiny a product of your decision making...I feel that your destiny is ultimately related to YOUR future choices and aspirations.

John W. Whitehead said, "Children are the living messages we send to a time we will not see." How true that sounds when you think of these words from the perspective of a parent or teacher. I wish you all life's best as we send you on your way.

Mr. David L. Chambers

Dedication

The Class of 2008 would like to dedicate their yearbook to Mrs. Marie Herbst. Mrs. Herbst is very well liked by everyone she comes in contact with. Her dedication to her students and the school has put a positive attitude in all of us. After so many years of teaching, she still has the same outlook on life.

"Live a little, Laugh a little, Love a lot!"

She always stresses the value of respect and for that we thank you. Thank you, Mrs. Herbst, for your kind heart, dedication and your heart-felt stories about life. As we go into the next chapter of our lives, we will never forget the love Mrs. Herbst has for her students.

Thank you, Mrs. Herbst!!
We love you!!

Class History

By

Nicole Kalmanidis, Class Historian

A new day, a new beginning with friends and family close by and anticipation in our hearts, we were ready. We were the big bad freshmen, the 2004 newbies to EWHS. So delicate to our new surroundings, we started to explore, led by Casey Potetz, Marc Novak, Travis Higginbotham, Nolan Davis, Chris Vogt, Sarfire Fuentes and Rob West, we were on our own to figure ourselves out. Although, just like any group, we needed a higher authority to guide us. We were honored to have Mr. Croft and Mrs. Tedisky to lead us to an outstanding high school experience. Every possibility was in our hands. Ski trips, Europe, Florida with band and chorus, and more. Our first year in high school began with the traditional and exciting Spirit Week. The theme was Disney and we chose Lion King as our theme. Although, we did not succeed in winning, it was an enjoyable time. We felt we had learned a lot and would be better prepared for next year's Spirit Week. This is a new world we had entered and we were enjoying every second of it.

Our second year in and we thought we were professionals. Although, things were to take a drastic change. We had new officials leading us and our principal leaving us. Our new officials consisted of Danielle Bromley, Casey Potetz, Nicole Kalmanidis, Rachel Carpe and Jessica Szymanski, led again by Mr. Croft and Mrs. Tedisky. This year, the Spirit Week theme was sports and our area of interest was the Super Bowl. We had improved incredibly from the year before, but still no luck in the winning department. This was also an exciting year. We sold candy, as sophomores always do, to defer graduation costs. We also were able to select our class rings and were excited about their arrival. The school had its first Homecoming and our Sophomore Court had elected Jake Miller and Danielle Bromley to represent us. With another class leaving us, we were slowly becoming upperclassmen.

Junior year and the livin' is hard. What is told to be our hardest year was also our most eventful year. We were led by Michelle Vining, Rachel Carpe, Nicole Kalmanidis, Danielle Bromley, Tom Sledesky and Keith Regalbuti. The dreaded Spirit Week was upon us again. Our 70's hallway was yet again unsuccessful, but our T-Birds, Pink Ladies and other characters showed our hard work and kept everyone laughing. Our junior year will be one that will never be forgotten by us or anyone in East Windsor. The EWHS Varsity Basketball team were State Champions in the Class S Division. Marc Novak, Mike Mocadlo and Jay Hughes were the juniors who were part of that winning team. Oh, but let's not forget the other big event of the year~~Prom. Alisha Griswold, Kellie Moore, Danielle Bromley, Tom Sledesky, Nicole Kalmanidis, Lindsey Nelson, Nátesha Bestman and Michelle Vining worked tirelessly organizing the event. The big night was held at Chez Josef on May 18, 2007. Waiting for the Prom felt like an eternity, but once it came everyone was pumped. The king of Prom was Andrew Owens and his Queen was Susan Butler. The court consisted of Marc Quintero, Crystal Mason, Nátesha Bestman and Wayne Downer. Prom had put a delightful end to our junior year. In its second year, Homecoming proved to be another successful and fun filled evening. Nicole Kalmanidis and Jake Miller were selected for the Junior Court.

Finally, senior year was here! The newbies were now the leaders of the pack. Mr. Chambers was in his second year of command and was determined to make our educational experience a memorable one. Our final year was led by Nicole Kalmanidis, Alisha Griswold, Kellie Moore, Nolan Davis, Jessica Szymanski and Rachel Carpe. The magazine drive was once again utilized as a traditional senior fundraiser, as well as, pie, potatoes and wreath sales. Homecoming was held during the fall. Nicole Kalmanidis and Brian Sullivan were selected to the court and Jake Miller was chosen as King and Tarah Halloran as his Queen. Spirit Week was held during the winter sport season. We finally won the Hallway Contest with our "Monopoly" theme. The Senior Banquet was held at Springfield Marriott on May 28, 2008 and the Senior Outing at High Meadow. The year ended with graduation and a fantastic Graduate and Celebrate Party. Now, we were off to change the world!!!

YEAR IN REVIEW

2007-2008: We'll always remember it as the year...

Well, the year of the what, exactly? It was the year of the high-tech iPhone, but also the year that good old-fashioned letter writing became popular among students. It was the year that Southern California burned while the Midwest was crippled by ice. This year we saw the bottom fall out of the mortgage market and a bridge in Minneapolis. In Washington, Alberto Gonzales and Karl Rove stepped down; in Boston, the Celtics, Sox and Patriots stepped up. In theaters, Bourne, Shrek, Spidey, and Pirates all came back for "Threequels," but our favorite TV shows were cut off after only a few episodes due to the writers' strike.

And so, with Hollywood on hold and nothing good on TV, we decided to focus our attention on re-thinking our lifestyle and coming up with ways to produce less waste and use less energy. Being Earth-friendly became fashion-forward. Champions of planet preservation are hoping that environmentalism catches on as a new lifestyle rather than a flash-in-the-pan fad.

If so, then we may be able to look back and call 2008 "The Year We Saved The Planet."

SOLIDARITY WITH WRITERS

"We Are All on the Same Page"

Fuel-friendly flyer

Boeing brings us a super-efficient airplane, the 787 Dreamliner, which uses 20% less fuel than similarly sized airplanes.

Hate to burst your bubble

The housing bubble finally burst, big time. Defaults on subprime mortgages rise steadily. As a result, a slew of mortgage companies fail and financial institutions recognize losses exceeding \$135 billion.

Nobel committee warms up to Gore

Former Vice President Al Gore and the U.N.'s Intergovernmental Panel on Climate Change win the 2007 Nobel Peace Prize for their efforts to raise awareness of global warming.

The pen is mightier

Seeking fair compensation for content distributed through the internet and DVD sales, the Writers Guild of America goes on strike against the Alliance of Motion Picture and Television Producers causing reruns, reality TV and game shows to overwhelm the airwaves. The strike costs the entertainment industry over \$1 billion, and forces us to watch even more YouTube than ever before.

Don't eat that action figure!

More than 20 million toys made in China are recalled amid concern over items made with toxic lead paints and magnets that pose a choking risk to children.

"Harry Potter and the Deathly Hallows"

The final installment of the Harry Potter series breaks sales records as the fastest-selling book ever, selling more than eight million copies in the first 24 hours following its release. Rumor has it that all eight million copies were read immediately, in one sitting, to avoid having the ending spoiled.

California wildfires

A series of wildfires burns across Southern California resulting in the death of at least ten people, the destruction of over 1,500 homes and leaving over 500,000 acres of scorched earth.

"Taps" plays for bottled water

The same people that turned bottled water into a \$15 billion industry are now regretful that 38 million plastic bottles a year are made with 1.5 million barrels of oil. Back to tap water, everybody!

Drew Carey, come on down!

After Bob Barker's retirement from hosting "The Price is Right," Drew Carey steps in to host "America's favorite game show."

Of mice and men

By rewinding infected mice's skin cells to an embryonic state and manipulating them to create healthy replacement tissue, scientists grow ever closer to curing Sickle Cell disease in humans.

The tides are turning

More and more people, politicians, and scientists are starting to acknowledge the possibility of global warming as a reality, launching a trend to "go green" and take better care of our planet.

The Cat in the Hat turns 50

In 1954, Ted Geisel (a.k.a. Dr. Seuss) was challenged to write a more exciting version of the boring "Dick and Jane" children's reading books. In 1957, "The Cat In The Hat" was born, and Dr. Seuss's famous feline has been teaching kids to read for 50 years.

One Laptop Per Child

The idea is simple: provide children with opportunities to learn and explore, and they will do just that. The XO laptop developed by OLPC is built just for kids, and is designed to be affordable for every school-aged child in the world.

Oprah's high school challenge

This revealing new program shows us high school as high schoolers see it - challenging issues much deeper than prom or pimples.

Queen Rania of Jordan

With lots of press for her philanthropic work advocating women's and children's rights, including appearances on "The Oprah Winfrey Show," Queen Rania is quickly becoming the Queen a lot of young women are looking up to.

Hillary Clinton

John McCain

Barack Obama

The race for '08

John McCain, Hillary Clinton and Barack Obama begin mudslinging through the Presidential primaries in hopes of becoming a candidate for President in 2008.

A smorgasbord of spoof

Don't have time to see all the big movies of the year? Why bother when there's "Epic Movie," which parodies all of the popular box office hits.

Back in black

In "Spider-Man 3," a strange black sludge bonds with Peter Parker and causes inner turmoil (and a sweet new black costume!) as he battles with new villains, temptations, and revenge.

"Hairspray"

Based on the 1988 cult classic about star-struck teenagers on a local dance show, "Hairspray" puts John Travolta in a dress and shows us a side of him we didn't see in "Saturday Night Fever."

The odds are 13 to 1

Danny Ocean and his crew of high-rolling casino robbers are out for revenge in "Ocean's Thirteen," the third installment of the Las Vegas heist series.

Rink of fire

Will Ferrell and Jon Heder star in "Blades of Glory" as two rival ice skaters banned from competition until a loophole is discovered that allows them to reluctantly skate as a pair.

Bourne again

Still seeking clues about his past and possibly his future, Jason Bourne races around the globe while being pursued by a mysterious assassin in "The Bourne Ultimatum."

In "Shrek the Third," Shrek's plans to settle down and raise a family are disrupted by the sudden death of King Harold. Rather than take on the duty of ruling Far Far Away, Shrek decides to track down the true heir to the throne, Fiona's cousin, Artie.

Power to the penguin

The penguin has been Hollywood's go-to animal recently. You've seen them march, seen their happy feet dance, and this year, you see them hang ten in "Surf's Up."

"Ghost Rider"

Motorcycle stuntman Johnny Blaze sells his soul to save the life of his beloved, Roxanne Simpson, and becomes "Ghost Rider," a blazing skull-o-justice determined to get his soul back.

Funniest health code violation of 2008

Pixar serves up "Ratatouille," a deliciously funny tale of a French rat named Remy who wants to be a chef despite the obvious problem of being -EEK! - a rat in the kitchen!

"Hot Rod"
